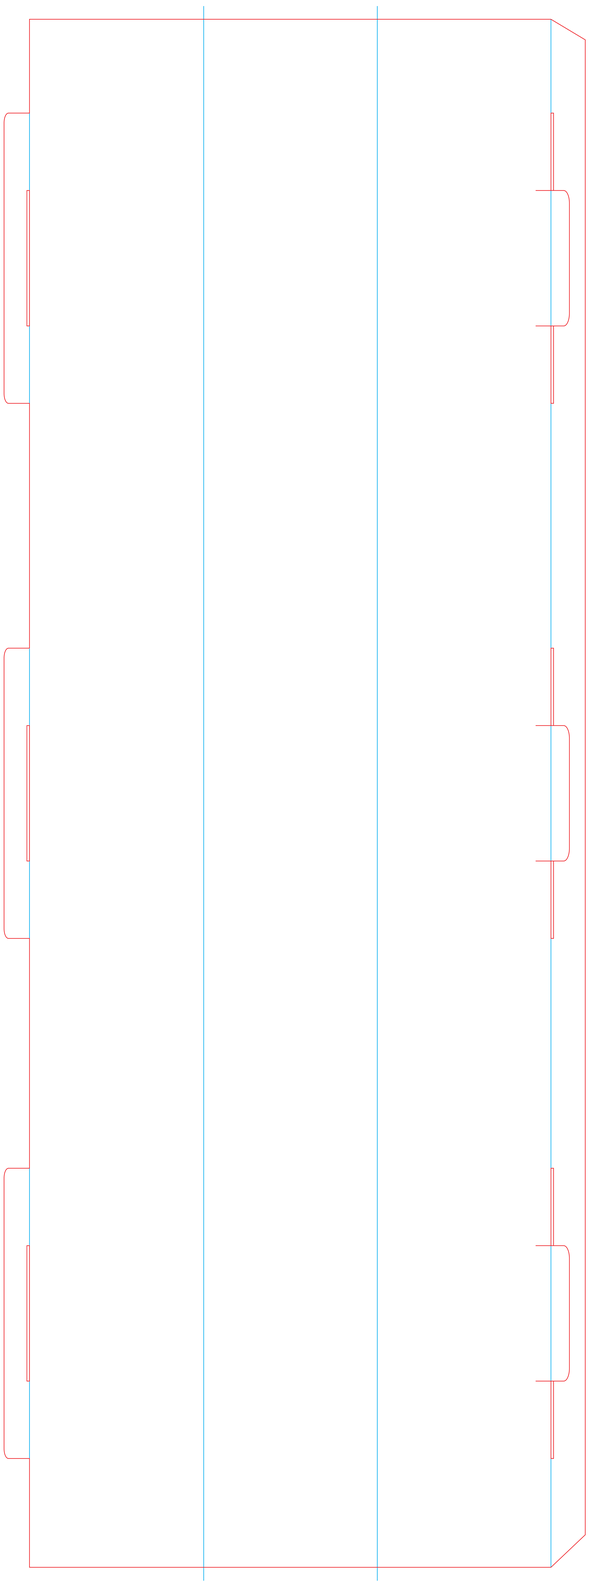
BOLLARD SIGNS

| 1800 x 300mm



ARTWORK SPECIFICATIONS

HOW TO SET UP PRINT READY ARTWORK

- Lay your artwork out over the top of the template on the 'Art' layer
- Size artwork to the bleed lines
- Bitmap images should be no less than 130 DPI
- Document should be CMYK @ 300DPI

SAVING PRINT READY ARTWORK

- Convert all text to outlines
- Embed all images and elements
- No trim, crop or registration marks
- Use the 'Press Quality' default and deselect 'Preserve Illustrator Editing Capabilities'
- Make sure 'Use Document Bleed Settings' is checked when saving PDF

SENDING OR UPLOADING FILES

- Files under 20mb can be emailed directly to sales@printflex.com.au or uploaded with your order.
- Larger files can be uploaded at checkout with your order or at printflex.com.au/upload-art/. Alternatively you can use cloud based sharing resources such Dropbox or Google Drive.
