ARTWORK SPECIFICATIONS

HOW TO SET UP PRINT READY ARTWORK

- ▲ Convert all text to outlines
- ▲ Embed all images and elements
- ▲ Size artwork to finished size with 3mm bleed
- ▲ If required include die line as a stroke on a separate layer in an easy to see bright colour
- ▲ No trim, crop or registration marks
- ▲ Artwork supplied as a PDF at 300 DPI
- ▲ Bitmap images no less than 130 DPI

SENDING OR UPLOADING FILES

- ▲ Files under 20mb can be emailed directly to sales@printflex.com.au or uploaded with your order.
- ▲ Larger files can be uploaded at checkout with your order or at printflex.com.au/upload-art/. Alternatively you can use cloud based sharing resources such as Dropbox or Google Drive.
