## ARTWORK SPECIFICATIONS

### HOW TO SET UP PRINT READY ARTWORK

- Convert all text to outlines
- Embed all images and elements
- Size artwork to finished size with 3mm bleed
- If required include die line as a stroke on a seperate layer in an easy to see bright colour
- No trim, crop or registration marks
- Artwork supplied as a PDF at 300 DPI
- Bitmap images no less than 130 DPI

### SENDING OR UPLOADING FILES

- Files under 20mb can be emailed directly to sales@printflex.com.au or uploaded with your order.
- Larger files can uploaded at checkout with your order or at printflex.com.au/upload-art/. Alternatively you can use cloud based sharing resources such Dropbox or Google Drive.
